

Senmove Trampoline

Senmove Practitioner

Senmove Outdoors

Senmove Outdoors - Practitioner

A two day course (10 hours teaching time). We will be spending the whole day outdoors, whatever the weather, so come prepared!!

Aim:

To provide you with the knowledge and skills to reach Senmove Outdoors Practitioner level.

This course allows you to:

- Lead and teach a range of Senmove Outdoors activities.
- Implement Senmove Outdoors Day at your work place.

Content:

- Senmove Outdoors Rationale and Curriculum.
- Participation in a Senmove Outdoors cross-curricular activity.
- Increasing your range of ideas.
- Accessing the outdoors with students with limited mobility / toileting.
- Useful resources / contacts.
- Health & Safety (including risk assessment and manual handling)
- Choosing suitable venue(s) for Senmove Outdoors activities.
- What activities can I teach/lead? And when do I need to hire in an AALA licensed provider?

Assessment

- Tutor observation.

Who can attend?

- We welcome anyone who is interested in teaching students with SEN in an outdoor setting, including: teachers; supports staff; SSCOs; therapist's; adult learning staff; leisure industry staff; respite care staff; and those on initial teacher training.
- Any responsible adult who considers themselves fit and healthy enough to actively participate.
- No under 18's.
- All those attending must be present for all of the course.
